Sir,

Ref. No. 8751-MS/49, dt. 2-10-49.

Sub: Education - Fisheries - School at
Polipra - Opening of standard VII
and appointment of additional staff
Part II Scheme for 1950-51 - proposals.

xxx:

In G.O. No. 2117, Development, dated
13th April, 1949 sanction was accorded to the opening
of Standard VI during 1949-50 in the Fisheries School
at Polipra and accordingly standard VI was opened on
1-6-49. I submit herewith proposals for opening
standard VII in the School year 1950-51.

2. I enclose two statements, one showing
the present strength and average attendance of the dif-
ferent classes and the other showing the anticipated
strength when standard VII is opened next year. The
present strength of standard VI is 34. Standards I
and II will have two divisions each requiring the services
of 4 Higher elementary grade teachers. Standards III,
IV and V also will require one Higher Elementary Grade
teacher each making a total of 7 Higher Elementary grade
teachers. Standards VI and VII will have to be put in
charge of secondary grade teachers. There is at present
sanction for the employment of one secondary grade and
eight Higher Elementary Grade teachers, but only one second-
ary grade teacher and seven Higher Elementary grade
teachers have been employed now. The post of one higher
elementary grade teacher sanctioned in G.O. MS. No. 1765,
Development, dated 1-4-49 has not been filled up as the
need for it has not arisen. I therefore request that the
eighth post of Higher Elementary Grade teacher may be
converted into that of a Secondary Grade teacher so that
the total complement may be Secondary Grade teachers and
seven Higher Elementary Grade teachers.

3 The financial implications of the proposals
are furnished below:-

Pay of 1 secondary-Grade teacher

for nine months.

To A.S.

Please see the letter from the D.F. on pp.1-2 c.f.

In April 1949, the Govt. sanctioned the opening of standard VI during 1949-50 and the employment of two H.E. Grade teachers in the Fisheries school at Polippu. The D.F. has now submitted proposals for the opening of standard VII in that school during 1950-51 and for the employment of one secondary grade teacher to handle the new class. His proposals are examined below:-

There are at present six standards with 8 classes in the school. At present sanction exists for the employment of one secondary grade teacher and eight Higher Elementary grade teachers. But only one secondary grade and 7 Higher Elementary grade teachers have been employed now. The D.F. has stated that the post of one H.E. grade teacher sanctioned in G.O.Ms.No.1765 Devt. dated 1.4.49 has not been filled up as the need for it has not arisen. If standard VII is to be opened during the year 1950-51 as proposed by the D.F. one Secondary grade teacher is required to handle that class. If this is sanctioned, the sanction accorded for the employment of ~~one~~ H.E. grade teacher in G.O.Ms.1765 Devt. dated 1.4.49 may be cancelled as it was not acted ^{upon} by the D.F. and as there is no need for the post now.

The financial implication of the proposal is Rs.648/- recurring and Rs.601/- non recurring as detailed in para 3 of the letter from the D.F. on pp.1-2 c.f.

In the circumstances it is for orders whether the proposals of the D.F. to open standard VII in the Fisheries School at Polippu during 1950-51 by appointing one secondary grade teacher and to purchase furniture and appliances at an estimated cost of Rs.601/- may be accepted and treated as a Part II scheme for 1950-51
